

STRONGER TOGETHER

We are excited to announce that effective 1 July 2018 the Sothertons national association, of which we (Sothertons Perth) are a member, will be merging with the UHY Haines Norton national association.

Over the coming months we will transition to our new name UHY Haines Norton Perth.

The Haines Norton association shares the same values as the Sothertons national association, **including each member firm being independently owned and operated.** All firms in the association are of a similar size.

We continue to be owned and operated by Grant, Craig, Sonia, Matthew and Keti.

The combination of our 2 associations will mean that there will be a representative office in each capital city of Australia, Gladstone, Busselton and Auckland New Zealand. This will also give us access to the member firms of the UHY worldwide association.

We are looking forward to the future of the new Haines Norton association. We will continue to provide you with the same professional and personalised service that is important to you with the added benefits of an expanded network of resources and knowledge.

Our new website will be www.uhyhnperth.com.au and our email address will have the suffix @uhyhnperth.com.au This will transition over the coming months but we are still contactable on the phone numbers and email addresses you currently use.
